

JCAHO SURVEY CONSULTING

Our experienced JCAHO surveyor staff assists hospitals with comprehensive preparation for JCAHO surveys. The surveyor team conducts in-depth, JCAHO mock surveys with a detailed report on findings and recommendations.

MOCK SURVEYS INCLUDE:

- Practice Interviews
- Evaluation of current Policies and Procedures
- Review and critique of Meeting Minutes
- Tracer Methodology as used in actual JCAHO surveys
- Review and evaluation of Mock Root Cause Analysis, HVA and FEMA
- Medical and Clinical Staff Survey Standards and Process Education
- Leadership Interview skills and Survey Education for Medical and Hospital Staff and Governing Board
- Sentinel Event correction services, including root cause analysis and assistance to implement needed changes and maintain compliance.

FOCUS AREAS INCLUDE:

- **Continuous Survey Readiness**
- **Periodic Performance Review**
- **Readiness Assessment**
- **Priority Focus Process**
- **Medication Management**
- **Patient Safety Goals**
- **Tracer Methodology**
- **Sentinel Events**
- **Root Cause Analysis**
